

The Fondation Autisme Luxembourg is celebrating its 20th anniversary.

For years the FAL has played a crucial role in the reception and support of people diagnosed with autism, a severe disability that affects 1 in 150 people!

Services for people with autism and their families have multiplied and are constantly adapted. Many of you have made a valued contribution towards the setting up and development of these services. We are pleased to invite you to an exceptional evening and would like to celebrate with you.

Open your eyes wide. A magic show, orchestrated by David Goldrake no less, awaits you. Entitled « Prodiges ou les Propos d'un Prestidigitateur » which could be translated loosely as « Wonders or Words of a Magician » this show will make you quake in your shoes and send shivers down your spine. The magician creates a perfect balance between classic illusions and those of a new era.

Do not miss the arrival of the birthday cake, which promises to be just as spectacular. At the end of the evening we invite you to share our birthday cake.

The FAL is counting on your support and hopes to see as many of our friends as possible.

Come and join us, eyes and mind open and disbelief suspended, for an evening where the impossible becomes possible and the unreal all too real!
