

# The course of life

## A museum for all

---

### Welcome to Villa Vauban!

Villa Vauban is the Luxembourg City Museum of Art.

Luxembourg City has many works of art:

paintings, sculptures, drawings and much more.

The works of art are from different times.

Some are already very old, but some are also new.

The exhibition is called "A museum for all".

The theme of the exhibition is "The course of life".

The first room starts with the beginning of life.

Here we see pictures of babies and children.

The last room is about old people and the end of life.

In between, we find all other areas of life:

youth, adulthood, work, leisure ...

Our museum is for everyone:

for young and old,

for people who visit a museum for the first time,

and for those who have often visited us.

We want all our visitors to enjoy the exhibition.

That is why we have a very special programme this time.

There are not only pictures to look at,

but there is also a lot to touch, listen to and take part in.

All touchable models, costumes, furniture and cushions may be used.

Have fun in our museum for all!
